

MOMENTUM: 18TH TAMWORTH FIBRE TEXTILE BIENNIAL

The Temporary Exhibitions Gallery

Thursday 26 March - Sunday 10 May

The Tamworth Biennial is a prestigious event in the Australian art calendar. *Momentum: 18th Tamworth Fibre Textile Biennial* is curated by Valerie Kirk, Head of Textiles, ANU Canberra, and reflects the development of textiles and the ever increasing rate of change in this field.

Valerie Kirk says, "The exhibition will present the vibrancy of contemporary Australian textiles, exploring the forces that drive our most innovative and accomplished practitioners. *Momentum* identifies the artists on the move, embracing the future with works that surprise and inspire."

The accessibility of the language of textiles and its relevance to contemporary life demonstrates why artists have elected to work in this medium. This exhibition of work by 25 artists from across Australia will provide audiences with a focus on the finest and most exploratory aspects of contemporary fibre textile practice.
