#### **A14 [EC] Service Level Agreement with New South Wales Rural Fire Service**

##### **ORIGIN:**

**Director**

##### **SUMMARY OF REPORT:**

Council has had a Service Level Agreement with the Rural Fire Service to cover changes when the Rural Fire Service took over employment of the Fire Control Officers.

To reflect the changes to the role of both the Rural Fire Service and Councils as determined by amendments to the Rural Fire Act 2002 it has been necessary for new agreements to be completed although the previous agreements have remained effective in the interim. The changes increase the role of the Rural Fire Service.

It is necessary for Council to affix its Seal to the new agreement.

##### **RECOMMENDATION:**

That Council affixes the Common Seal of Council to the Rural Fire District Agreement with the Commissioner of the New South Wales Rural Fire Service.
