Your Kitchen Caddy
A convenient and easy way to dispose of food scraps.

Options on how to use your kitchen caddy

1. Place all food scraps and other small organic waste items in your caddy using a compostable liner. When the caddy is full tie up the compostable liner and remove the contents at least every 2-3 days. Place contents into the green organics bin provided.

2. Place all food scraps and other small organic waste items in your caddy using a newspaper liner. When the caddy is full wrap food scraps and other small organic waste items up in the newspaper liner and remove the contents every day. Place contents into the green organics bin provided.

3. Place all food scraps and other small organic waste items in your caddy. When the caddy is full bring the entire caddy and its contents to the green organics bin every 1-2 days. Dispose contents from the caddy into the green organics bin provided.

Try your caddy in a few spots before you find the right one for your kitchen. The caddy can be mounted onto the back of a cupboard door, placed under the sink or sit on the kitchen bench. Your caddy can also be placed in your dishwasher for easy cleaning.

What goes in your kitchen caddy

This project was supported by the Environmental Trust as part of the NSW EPA’s Waste Less, Recycle More initiative, funded from the waste levy.
