For a full list of fees applicable see Council's Fees and Charges at www.tweed.nsw.gov.au

Application for Approval of Plumbing and Drainage Work on Private Land or Crown Land

NOTES

- Only plumbers and/or drainers licensed in NSW are permitted to carry out work and a plumber's Start Work Permit must also be obtained from Council prior to the commencement of any plumbing or drainage work. The owners are requested to insist upon the production of the Council final inspection report from the licensed plumber/drainer before making final payment to such licensed plumber/drainer.
- Applicants will be advised by Council in writing of the determination of their application. No work or activity is permitted to be undertaken until Council "Approval" is issued and a Plumbing & Drainage Permit processed.
- Applicants undertake to carry out any activity in compliance with the approval and any conditions of approval.
- The Plumbing and Drainage fee is included in the fees for this application/proposal. The plumber must still lodge an application for a Notice of Work to receive the Plumbing and Drainage Permit.

Attachments

Application/proposals involving larger developments requiring hydraulic design eg multi residential, commercial, fire service upgrades, etc require a copy of hydraulic drawings signed by a suitably qualified person. Applications involving on-site sewage management systems shall be accompanied by a copy of an on-site sewage management design report signed by a suitably qualified person that includes:

Plan: A site plan drawn to scale, showing north point and the location of:

- The sewage management facility proposed to be installed or constructed on the premises; and
- Any related effluent application areas and reserve areas; and
- Any buildings or facilities (including swimming pools) or any environmentally sensitive areas (including permanent waterways) located within 100 metres of the sewage management facility or effluent application area

Specifications: The application/proposal must be accompanied by full specifications of the sewage management facility proposed to be installed or constructed on the premises concerned

Site assessment: The application/proposal must be accompanied by details of the topography soil composition and vegetation of any effluent application areas related to the sewage management facility together with an assessment of the site in the light of those details

Statement: A statement of:

- The number of persons residing, or probable number of persons to reside, on the premises; and
- Such other factors as are relevant to the capacity of the proposed sewage management facility

Operation and Maintenance: Details of:

- The operation and maintenance requirements of the proposed sewage management facility; and
- The proposed operation, maintenance and servicing arrangements intended to meet those requirements
- The action to be taken in the event of a breakdown in, or other interference with, its operation

Caravan Park Only: Details of:

- Site Plan
- Floor plan showing layout of plumbing fixtures
