BENEFITS OF CYCLING

Improve your health – cycling increases your fitness, health and general well-being. Regular cycling can decrease your chances of suffering a heart attack, stroke, diabetes and some forms of cancer.

Have fun – you can ride with friends and family and access scenery not accessible in a car. You have the freedom to go where you want, when you want.

Save money – cycling is cheaper than driving a car because you don’t have to pay for fuel, registration, car maintenance or parking fees.

Save the planet – riding your bike instead of driving a car will reduce your carbon footprint and create less noise and air pollution.

Save time – cycling often is quicker than using a car, especially for short trips. You can ride door to door and save time by not having to find a parking space.

EVENTS WORTH RIDING TO

Tweed Shire Council and What’s on Tweed are great resources for finding out what’s on. Whether it’s a regular market or special event, you’ll find the details at tweed.nsw.gov.au or whatsonatweed.com.au
