

More than 2,000 cane toads were removed from the Tweed environment from September 2021 to April 2022. Well done volunteers!

## Busted! Well done to the community for cane toad efforts

**Well done Tweed!** The recent cane toad busting season was a success in the Tweed with 2,220 cane toads removed from the environment. This has prevented anywhere from 4.5 to 19.5 million cane toad eggs from coming into existence.

A further 3,196 cane toads were removed by local community members who held their own toad busting sessions.

There were 7 toad busting sessions and 3 Cane Toad Tadpole Trapping and Information Sessions, designed to educate and engage Tweed residents in community cane toad control.

Council's Project Officer – Wildlife Protection Emily Clarke said she

was inspired by the community and their great determination to rid the Tweed of this pest.

"The community should be proud of their efforts in working together to impact this invasive species and helping to protect the local environment," Ms Clarke said.

Watergum and Tweed Shire Council partnered together on this community cane toad control program and plans are underway to rollout the program again for the next season.

## Here's what's happening in flood recovery this week in the Tweed

**With so much going on post-flood, it can be hard to know where to go for credible and up-to-date sources of information.**

We've got you covered. Each week on the Flood Recovery Dashboard ([tweed.nsw.gov.au/recovery-dashboard](http://tweed.nsw.gov.au/recovery-dashboard))

and in the [Tweed Link](#) we include a flood recovery update, as the Tweed moves to recover and rebuild following the unprecedented flood earlier this year.

We include updates on roads, bridges, waste, buildings, parks and sports fields as well as relevant information from other levels of government, including Flood Recovery Centre updates, emergency housing news and funding and grant opportunities.

Visit this page weekly for the latest or subscribe to receive the Tweed Link direct to your inbox each week so you don't miss a flood recovery update – [tweed.nsw.gov.au/subscribe](http://tweed.nsw.gov.au/subscribe)

### What's happening with flood recovery on our roads

#### Want to know more about what Council is doing about landslip repairs and potholes?

There are almost 2,500 flood-related road repairs to be undertaken. This number does not include other road maintenance items, such as potholes which were not directly caused by the flood but have occurred due to the relentless rain that has fallen since the flood events.

There is a lot to do, but we in particular need to accommodate impacted communities at Bilambil Heights, Carool and Terranora as well as Tyalgum, Chillingham, Uki and Reserve Creek. These residents are driving on long detours on roads affected by potholes.

Despite these significant challenges, we're working hard to build, upgrade and maintain a safe and connected local road network.

Visit [tweed.nsw.gov.au/flood-recovery-works](http://tweed.nsw.gov.au/flood-recovery-works) and click on 'flood recovery on our roads' to find out more. There's a link to a printable fact sheet at the end of this page.

### Significant repairs

**Kyogle Road and Limpinwood Road** – second more detailed assessments are underway which include further field testing. The test boreholes were undertaken this week. Reports are expected in early August 2022, which will provide Council with options to fix the roads. Council will then evaluate the report and prepare a funding submission.

For more information on these and other significant repairs, visit [tweed.nsw.gov.au/roadworks-closures](http://tweed.nsw.gov.au/roadworks-closures)

### Road rejuvenation

Road rejuvenation is scheduled to start in Pottsville this week, weather permitting. Once completed, crews will move on to rejuvenate roads in Casuarina, Kingscliff, Chinderah, Banora Point, Tweed Heads South, Tweed Heads and Murwillumbah.

Road rejuvenation is a treatment that delays the deterioration of the asphalt surface, keeping roads in optimum condition.

This program of works were planned and scheduled before the flood and will not take away from flood recovery resources.

Visit [tweed.nsw.gov.au/road-rejuvenation](http://tweed.nsw.gov.au/road-rejuvenation) to learn more about why we rejuvenate roads. To stay up to date with what's happening on our roads visit our [roadworks and closures page](#).

### Three cheers for sports fans and local businesses

**A sportsman's lunch, organised by Tweed Heads Plumbing Supplies (THPS) and held at Kingscliff Beach Bowls Club recently, raised \$8,500 for the Together Tweed Mayoral Flood Appeal 2022.**

To date, the appeal has raised more than \$68,700.

A host of Tweed and Gold Coast businesses generously provided goods and services for raffles and the Gold Coast Titans and the Gold Coast Suns (provided by Austworld) donated items to a well-supported sports memorabilia auction.

The flood appeal seeks to raise funds to offer affected Tweed communities and residents immediate help, support recovery efforts and resilience to future flood events and contribute to addressing significant long-term issues such as housing.

To donate to the Together Tweed Mayoral Flood Appeal 2022, please make a direct transfer to:

### Follow flood forums online

**Reminder** – the NSW Upper House Select Committee will be in Murwillumbah on Wednesday 1 June to hear from flood-affected residents as part of their examination into the response to major flooding across NSW in 2022.

The Committee will be conducting 2 sessions – a Public Hearing and a Public Forum – at the Murwillumbah Services Club.

Registrations to address the Public Hearing have closed and the witness list has been finalised, but the hearing is open for public viewing.

**Where:** Murwillumbah Services Club, 10 Wollumbin St, Murwillumbah

Last week we each used

**179L a day**

as at 30 May 2022

## Waste tip

### Keep your recyclables free and loose

**For your yellow bin:** clean paper and cardboard, glass jars and bottles (no lids), tins and cans, hard plastic (no soft plastic).

Keep items loose – **no plastic bags**. And nothing smaller than a credit card.

## NSW Plastic bag ban comes into effect from Wednesday

**As of Wednesday 1 June, single-use plastic bags are banned in NSW.**

However, bin liners and 100% compostable caddy liners will still be permitted. The aim is to minimise waste, litter and resources going to landfill.

Going forward, you need to remember to take your own bags – they will no longer be provided. This is just the start as on 1 November, single-use food containers and cutlery will also be banned. Get in early and remember to take your shopping bags, bottle, cup, cutlery and food container.

Visit [dpe.mysocialpinpoint.com.au/plastics-ban-nsw](http://dpe.mysocialpinpoint.com.au/plastics-ban-nsw) to find out more about the ban.

## When: Wednesday 1 June

**Time:** Public Hearing – 1 pm; Public Forum – 3:15 pm

**Can't make the Hearing or Forum in person?**

Follow the live broadcast on the Parliament of NSW's website at [tweed.nsw.gov.au/flood-inquiry](http://tweed.nsw.gov.au/flood-inquiry)

### Do you have an idea for a community event?

**Time is running out for event organisers and community groups to submit an application for Expressions of Interest to run or develop an event to support Tweed communities and businesses in the recovery from the recent floods and the COVID-19 pandemic.**

The NSW Government has provided a funding pool of \$330,000 as part of its Reconnecting Regional NSW Community Events Program ([nsw.gov.au/regional-nsw/programs-and-grants](http://nsw.gov.au/regional-nsw/programs-and-grants)) designed to bring the Tweed community together.

Applications will close at 12 noon on Monday 6 June 2022. This is a competitive process and not all applications may be supported. Visit [yoursaytweed.com.au/community-events-eoi](http://yoursaytweed.com.au/community-events-eoi) to lodge your submission.

### Northern Rivers Flood Grants support sessions

**If you're a resident, business or primary producer in the Northern Rivers and have been affected by recent floods, the NSW Government is holding a special event for you in Lismore.**

Grant specialists will be on hand to provide one-on-one advice to help progress your flood grants application if you need support.

The sessions will be held at Lismore Workers Sports Club (ANZAC Room 1), 202 Oliver Avenue, Goonellabah on Monday 6 June to Friday 10 June.

Call Service NSW on 13 77 88 to book your appointment.

For information on what documentation you'll need, visit [service.nsw.gov.au](http://service.nsw.gov.au)

### Drop into a Recovery Centre or Assistance Point for a chat

**If you've been impacted by the February/March flood and require assistance, please visit the Flood Recovery Centre in Murwillumbah.**

The centre moves from the Murwillumbah Auditorium from Wednesday 1 June into the Canvas and Kettle meeting room. It's still in the Murwillumbah Civic Centre building in Tumbulgum Road – just a few metres to the left.

Staff from a number of agencies are on hand to assist you including Service NSW, Services Australia (Centrelink), Legal Aid, mental health, financial counselling and insurance providers.

The Flood Recovery Centre is open Monday to Friday, 9 am – 5 pm.

# Join in the community clean-up at Pottsville

A community clean-up will be held on Sunday 5 June from 7 am to 10 am starting at the Pottsville Community Hall.

The Clean Up Australia Day event Council supports each year didn't go ahead as planned in March due to the floods but now, the sunshine has arrived just in time.

Together Pottsville is a new community group led by four energetic Pottsville mums who have a passion for sustainability and resilience. They are coordinating this clean-up for the first time and hope to make it an annual event.

If you're looking for a way to make a difference in your community

and for the environment, get involved – all welcome.

Rubbish bags, gloves and hand sanitiser will be available however, attendees are encouraged to bring their own if possible.

Visit [cleanupaustraliaday.org.au/fundraisers/melaniecrowe/pottsville](https://cleanupaustraliaday.org.au/fundraisers/melaniecrowe/pottsville) to find out more and register for this clean-up.

To register your own clean up at any time during the year, visit [cleanup.org.au](https://cleanup.org.au)

# Listen for the call of the Albert's Lyrebird this June

Citizen scientists are being called upon to help record the call of the rare Albert's Lyrebird to map and protect this vulnerable bird.

The Lowland Lyrebird Links project has been running since 2019 and aims to map and secure populations of Albert's Lyrebird (*Medura alberti*) on both Council and private land.

Surveys at Mount Nullum since 2019 have detected at least 11 male Albert's Lyrebirds, while surveys at Dungay Creek since 2020 have identified 10 to 11 calling males. Surveys at Settlement Road, Numinbah since 2020 identified up to 6 separate calling males.

Council's Project Officer Wildlife Protection Emily Clarke is pleased with the findings so far and hopes more people will get involved this season.

For more information on the project, record your observations or hear examples of their call, visit [tweed.nsw.gov.au/alberts-lyrebird](https://tweed.nsw.gov.au/alberts-lyrebird). Read the full media release at [tweed.nsw.gov.au/latest-news](https://tweed.nsw.gov.au/latest-news)

This project has been funded by the NSW Government's NSW Environmental Trust Saving Our Species Contestable Grants program.

**Replace your old shower and get a refund from Council**

**Saving more than 15,000 litres of water per year and up to \$100 in water and electricity costs is as easy as installing water-saving showers, basin and sink spouts, mixers, aerators and flow controllers or regulators.**

Council provides homeowners a 50 per cent rebate on the purchase and installation of approved water saving products such as showers and tapware.

If you upgrade your outdated showers and tapware with water efficient products, Council will refund 50 per cent of the total purchase and installation costs for eligible products to a maximum of \$100.
