

# Restoring biodiversity for farm productivity

with Rhonda and Greg James

## Workshop and field day for Tweed farmers

**When:** 8 am sign on for 8:30 am start until 1 pm, Thursday 16 December 2021

**Where:** Reserve Creek Road, Cudgera Creek (address provided upon registration)

See and hear about the benefits of restoring bushland and biodiversity on a 220 hectare cattle grazing property. Rhonda and Greg James have been balancing farming and natural area restoration on their Cudgera Creek property for more than 40 years. Rhonda is also one of Australia's most experienced and highly respected restoration ecologists and previous TAFE NSW bushland restoration educator.

Topics to be explored include:

- production benefits of biodiverse farms
- recognise and prioritise areas to protect and restore
- farm design to maximise production and biodiversity benefits
- types of technical and financial support available.

Lunch and light refreshments provided.

**Bookings essential at** [restoringbiodiversityworkshop.eventbrite.com.au](https://restoringbiodiversityworkshop.eventbrite.com.au)
