Application for Sewage Ejection Pump Station

NOTES

1. Not all properties may connect to Council's existing sewerage scheme. Please ring Tweed Shire Council's Water and Wastewater Unit before filling out the application to confirm if a connection is allowable.
2. Council reserves the right to receive payment for application, installation fees or headworks charges (where applicable) prior to approval. The installation fee for Council owned and operated Sewer Ejection Pumping Station (where applicable) is \$14,800.
3. Works may be subject to inspections and final acceptance from Council.
4. Connections to Council Sewer Rising Mains will not be approved unless the lot is within an existing low pressure sewerage system.
5. Only plumbers and/or drainers licensed in NSW are permitted to carry out work and a plumber's Start Work Permit must also be obtained from Council prior to the commencement of any plumbing or drainage work. The owners are requested to insist upon the production of the Council final inspection report from the licensed plumber/drainer before making final payment to such licensed plumber/drainer.
6. If this ancillary application is part of your Development Application submission, you must provide this form with all supporting documentation with your Development Application when you upload your application to the NSW Planning Portal.
7. If this ancillary application is a stand-alone application (not related to a Development Application), this form with all supporting documentation must be completed and lodged via Council's online application page.
