A4. Certification Details

I being a qualified licensed electrical contractor, hereby certify that I have installed the automatic fire detection and alarm system at the abovementioned premises in accordance with the following requirements:

- Smoke Alarms** – complying with AS3786-1993 or listed in the SSL Register of Accredited Products, have been connected to the 240V mains electrical power having standby power, being installed in the following locations:
 - in every bedroom; and
 - in every corridor or hallway associated with a bedroom, or if there is no corridor or hallway, in an area between the bedrooms and the remainder of the building; and
 - on each other storey.
- Lighting** – to assist evacuation has been installed in accordance with Part 3.7.2.5 of the Building Code of Australia; and
 - be activated by the smoke alarms located in the corridors of hallways associated with a bedroom or if there is no corridor or hallway in an area between the bedrooms and the remainder of the building,
 - consist of:
 - a light incorporated within the smoke alarm or;
 - The lighting located in the corridor, hallway of area served by the smoke alarm.
