Look after what makes the Tweed
the Tweed. *Our water.*

Works along Boundary St in Tweed Heads are part of Council's ongoing commitment to improving the Tweed's roads.

Nightworks underway on Boundary Street

Night roadworks are now in progress along the westbound lane of Boundary Street, Tweed Heads, as part of Tweed Shire Council's ongoing Road Rehabilitation Program.

The project involves upgrading the section between Little Hill Street and Wharf Street (Twin Towns roundabout) to improve road safety and driving conditions.

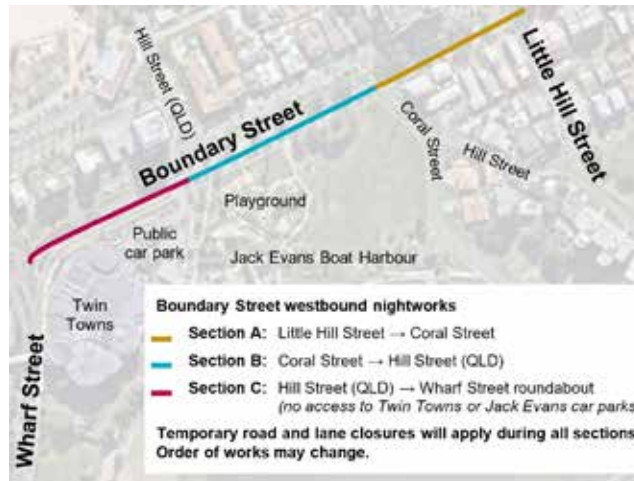

Works began earlier this week and will continue for about 2 weeks, weather permitting. To minimise daytime disruptions, construction is taking place Sunday to Thursday, 6 pm to 5 am (NSW time).

Temporary lane and road closures will be in place during work hours, affecting Boundary Street (westbound), Little Hill Street and Coral Street, with detours signposted.

Motorists are advised to follow detour signage and allow extra travel time.

Council is working closely with local businesses, bus operators and emergency services to minimise impacts and appreciates the community's patience while these essential upgrades are completed.

For project updates and to learn more about how Council builds and maintains a safe, connected road network, visit tweed.nsw.gov.au/roads.

In brief...

World Menopause Day 2025 – why it matters

Menopause may be a fact of life, but that doesn't mean it's easy. World Menopause Day is held annually on 18 October and aims to break the taboos and improve women's health by raising awareness about the symptoms of menopause and the support that's available.

This year, the theme of the day is lifestyle medicine which means a focus on managing menopause symptoms through a holistic approach that includes a healthy diet, regular exercise, stress reduction and moderating alcohol. For more information, go to the International Menopause Society webpage:

www.imsociety.org

What's all that noise about?

Construction underway at the Tip

Big things are happening at Stotts Creek Resource Recovery Centre, with major upgrades underway to improve how waste is managed and make visits to the site easier in the future.

Stage 1 is complete, with the green waste drop-off area now relocated to the rear of the site, a new access road built and extra parking added for JUNKtion Tip Shop visitors.

From Monday 20 October, Stage 2 begins – the existing transfer station will be demolished to make way for the new, upgraded facility. During this time, a temporary transfer station will be in place to keep services running.

If you're planning a trip to the Tip, please allow extra time and follow on-site signage.

While works are underway, don't forget you can skip the queue and use Council's on-call kerbside collection service for larger household items.

Each household with a red-lid wheelie bin service can book 2 collections per financial year (up to 2 cubic metres each) – and you can even book both at once if needed.

If you live in a unit, community, or neighbourhood complex, just contact your strata manager or body corporate to organise a collection.

To learn more or book a collection, visit tweed.nsw.gov.au/on-call-kerbside-collection.

The Tip at Stotts Creek is getting a major upgrade to make it easier and safer for residents to drop off their waste.

Tweed Shire Council wishes to acknowledge the Ngandowal and Minyungbal speaking people of the Bundjalung Country, in particular the Goodjinburra, Tul-gi-gin and Moorung – Moobah clans, as being the traditional owners and custodians of the land and waters within the Tweed Shire boundaries. Council also acknowledges and respects the Tweed Aboriginal community's right to speak for its Country and to care for its traditional Country in accordance with its lore, customs and traditions.

Spot the Joe Rider – starts this weekend!

Keep an eye out for motorbike riders wearing the bright yellow Joe Rider vests across the Tweed from this Saturday 18 October through to Sunday 26 October 2025.

If you spot one, submit an online entry form to go into the draw to win a 'Why Leave Town' Tweed gift cards. We're giving away a \$50 prize each day or a grand prize of \$250 at the end of the week.

Each entry increases your chances of winning daily prizes or the grand prize! The more times you enter, the better your chances of winning.

Your participation not only gives you a shot at fantastic prizes, but it also plays an important role in saving lives by increasing road awareness. Motorcyclists are among the most vulnerable road users. By paying closer attention to motorcyclists on the road, you're helping to reduce crashes or near misses. Good luck spotting Joe Rider and thank you for helping make the Tweed a safer place for everyone!

For more details or the entry form, go to:

yoursaytweed.com.au/spot-joe-rider

Look out for all the Joe Riders on Tweed roads from this Saturday!

Have your say on flooding, trees, planning, safety, finance and more this October

October is shaping up to be a big month for community engagement in the Tweed. With more than 10 opportunities open for feedback, now's the time to get involved and help shape Council decisions.

We're asking the Tweed community to share their thoughts on a wide range of topics, including flood risk management and strategic planning, development controls and compliance, alcohol-free zones and community halls. Feedback is also sought on how Council manages trees in development, grants and subsidies, compliments and complaints, unreasonable conduct towards staff and the rules that guide how Council invests surplus funds.

Current vacancies

YOUR SAY
Tweed

Community feedback helps Council make better, more informed decisions that reflect the needs and values of the people who live here. Your lived experience is the missing piece that helps turn good decisions into great ones.

Have your say before submissions close between 22 and 28 October 2025.

Visit yoursaytweed.com.au to learn more about each project and how to get involved. Registration only takes a few minutes – once signed up, you'll receive a monthly newsletter with updates and future opportunities to share your feedback online or in person.
