**NOTE!** *A surcharge applies to payment via credit card.*

### A7. Information Required under Section 68 of the Local Government Act 1993

#### Attachments:

1. A plan of the site drawn to scale, showing north point and the location of the sewage pumping station proposed to be installed on the premises, including the pipeline and boundary kit.
2. Specifications of the proposed sewage pumping station proposed to be installed including maximum flow rate.
3. Applications involving larger developments requiring hydraulic design eg: multi residential, commercial, industrial etc requires a copy of hydraulic drawings signed by a suitably qualified person showing the location of the pumping station and boundary kit. The number of persons serviced, or probable number of persons to serviced, on the premises.

If works outside of the property are required, detailed engineering plans by a Professional Engineer (Civil) will be required of the proposed pumping station system and connection to Councils existing sewerage system, in accordance with Development Design Specification D13.

**A8. Declaration**

I declare that all the information in this application, checklist and any attachments are true and correct. I declare that I have owner's approval. I understand that if the information is incomplete the application may be delayed.

Applicants Name

Date

**For a full list of fees applicable see Council's Fees and Charges at [www.tweed.nsw.gov.au](http://www.tweed.nsw.gov.au)**

**NOTES**

1. Not all properties may connect to Council's existing sewerage scheme. Please ring Tweed Shire Council's Water and Wastewater Unit before filling out the application to confirm if a connection is allowable.
2. Council reserves the right to receive payment for application, installation fees or headworks charges (where applicable) prior to approval. The installation fee for Council owned and operated Sewer Ejection Pumping Station (where applicable) is \$14,800.
3. Works may be subject to inspections and final acceptance from Council.
4. Connections to Council Sewer Rising Mains will not be approved unless the lot is within an existing low pressure sewerage system.
5. Only plumbers and/or drainers licensed in NSW are permitted to carry out work and a plumber's Start Work Permit must also be obtained from Council prior to the commencement of any plumbing or drainage work. The owners are requested to insist upon the production of the Council final inspection report from the licensed plumber/drainer before making final payment to such licensed plumber/drainer.
